

Methods in Experimental Ecology II (PCB 6468)

Exercise 8

- Re-evaluating p-values

1. Read the Wasserstein & Lazar 2016 and the Nuzzo 2014 articles posted on the website.
2. Write a paragraph summarizing the content of both papers.
3. Write a paragraph explaining how this affects your research and your everyday life.

Note: there is no need to format this as a journal article.
