- **BOOK BUYING ISSUES?** Don't wait until the second or third week of class to get the books required for this class. If the timing of financial aid is an issue, take advantage of **UCF's Textbook Purchase Programs (https://finaid.ucf.edu/receiving/funds-for-books/)**.
- **RECOMMENDED:** There are a number of web sites that offer useful information about statistics and computing. Students may wish to use these web sites as necessary to supplemental class material. For example, we may only briefly review some mathematical concepts. If a concept is not familiar to you or you want to study it in more detail, I would encourage you to take advantage of supplemental resources.
- **SUPPLEMENTAL READINGS:** Additional readings will be announced and/or distributed in class.

Course Requirements

Your final grade is based on following components:

1. **Lab Assignments (30%)** – There will be fifteen lab assignments over the course of the semester. These are problem sets that require you to apply the course material and execute/write R code. The assignments will be available online as soon as you open a module. You'll upload your completed assignments (including R script that generates the results you report and graphics you show in your written assignment) to our webcourses@ucf site. Your lowest lab assignment score will be dropped.
2. **Review Exercises (10%)** - These are usually learning games, but sometimes in more traditional quiz-style format. Your lowest review exercise score will be dropped.
3. **Small Group Discussions (10%)** - You will be assigned to a small group of 6-7 students to occasionally discuss class-related topics. (These discussions are different than discussions for lab assignment which are optional).
4. **Final Exam (15%)** – The final examination is cumulative and will require students to apply their understanding of the subject matter. You can expect a mix of multiple choice, true-false, and short answer questions.
5. **Module Quizzes (35%)** - Each numbered module contains a quiz with a mix of multiple choice, true-false, and questions that require short answers. Your lowest module quiz score will be dropped.

Missed Assignments/Make-Ups/Extra Credit

Make-ups for in-class writing, quizzes, the midterm, or the final exam will only be allowed for official University activities, religious holidays, personal emergencies. Written documentation is required. Make-up assessments may be different. There is no extra credit available. See **UCF Policy 4.401. (http://policies.ucf.edu/)** and **UCF Regulation 5.020 (http://regulations.ucf.edu/index.html)**.

Late Work

Completing all your work by the specified dues dates is important to your success in this class. Late work will be penalized. Your score on late work will be reduced 10% per day late. For example, if receive a score of 9 our of 10 on an assignment two days after it was due, your score will be reduced 20%, so you will receive a 7.2 out of 10 on that assignment . You will receive no credit for work completed ten or more days after its due date.

Email, Announcements, and WebCourses Messages

I may occasionally email, webcourses announcements, and/or webcourses messages to communicate with students about this class. I check my email regularly during weekdays and occasionally during the weekend. Students may expect an email reply by the next business day and encouraged to follow-up with me if I do not reply by the next business day. Grades will be recorded Webcourses and will follow student data classification and security standards as addressed in **UCF Policies 4.007.1 and 4.008.1 (http://policies.ucf.edu/)** when distributing any grade-related information.

Grades of "Incomplete"

Incomplete grades are given only in situations where unexpected emergencies prevent a student from completing the course and the remaining work can be completed the next semester. Your instructor is the final authority on whether you qualify for an incomplete.

Workload Expectations

This is a three credit hour class. The workload expectation per credit hour is set forth in the **UCF Catalog, Registration Policies, Terms and Credit Hours (http://catalog.ucf.edu/policies/registration-policies#Terms_and_Credit_Hours)** , which states the amount of work represented by one credit hour is not less than "One hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week [or equivalent work in internship, directed readings, etc.] for approximately fifteen weeks for one semester or the equivalent amount of work over a different amount of time."

Group Work Policy

You are welcome to discuss course material with other students, but you are responsible for your own work.

Professionalism Policy

Per university policy and classroom etiquette. You must behave appropriately in all your class interactions.

Academic Honesty

Plagiarism and cheating of any kind on an examination, quiz, or assignment will result at least in an "F" for that assignment (and may,

depending on the severity of the case, lead to an "F" for the entire course) and may be subject to appropriate referral to the **Office of Student Conduct (http://osc.sdes.ucf.edu/faq#students)** for further action. See the **UCF Golden Rule (http://www.goldenrule.sdes.ucf.edu/)** for further information. I will assume for this course that you will adhere to the academic creed of this University and will maintain the highest standards of academic integrity. In other words, don't cheat by giving answers to others or taking them from anyone else. I will also adhere to the highest standards of academic integrity, so please do not ask me to change (or expect me to change) your grade illegitimately or to bend or break rules for one person that will not apply to everyone.

University Writing Center

The University Writing Center (UWC) is a free resource for UCF undergraduates and graduates. At the UWC, a trained writing consultant will work individually with you on anything you're writing (in or out of class), at any point in the writing process from brainstorming to editing. Appointments are recommended, but not required. For more information or to make an appointment, **visit the UWC website (http://uwc.cah.ucf.edu/)**, stop by MOD 608, or call 407.823.2197.

You do not need to come to the UCF campus to receive help from a trained writing tutor. As a UCF student, you have access to writing tutors at the UCF Online Writing Center. You can **schedule an online consultation (http://uwc.cah.ucf.edu/schedule-a-consultation/)** with a writing tutor. You can get the help you need to complete the Final Report of your Civic Engagement Project online at a time convenient to you! This service is free to you.
