**Z designation:** Academic dishonesty may result in the designation of Z in front of your grade. For more info see http://z.ucf.edu

**Incomplete Grade:** ‘I’ is given only for students who have completed all of the course assessments (including online assignments until Aug 01) with a minimum ‘C’ average and missed the final exam due to a valid, documented reason and, the excuse submitted within 24 hours of missing the final exam.

**Scantrons & Test Score sheets:**
- Scantrons will be provided for all tests. You must have a valid UCF student ID in your possession in order to enter the exam room.
- Scantrons are machine graded. Graded scantrons will not be returned to students. However, a score sheet will be printed out of each student’s scantron with all incorrect responses marked on it. Such individual score sheets will be available at the instructor’s office. Bring your UCF ID for verification.
- Students can use this sheet to review the completed test at Dr. Rani’s office for a period of one week after each test.
- You may not review the test book, if you did not take the test. You must have your score sheets with you to check your answers. Only one test will be available for review at one time.
- Instructor is NOT responsible for the following conditions caused by the student and the resulting error in grading the scantron: Test form error; incorrect PID, eraser marks, smudges; illegible writing/bubbling for the computer to read; wrong answers bubbled. If a re-grading is required because of student’s fault, 2 raw points will be deducted from that test/exam.
- All concerns with scantron information (PID issues, wrong test form, etc.) must be verified only by the concerned student. Use the office hours within a week after each test (1 day for final).
- Unclaimed score sheets that are not picked up for review by the end of the semester are NOT the responsibility of the instructor.

**Grade posting:**
Exam grades will be posted on Webcourses course homepage.
Feedback on graded online assignments will be available on course homepage ONLY after the entire class has attempted that particular assignment by the announced deadline.

Bring concerns regarding exam/online grades to the attention of the instructor within two working days (24 hrs. for final exam) from the date the grades were posted. Instructor retains the right to change the grade if an error has been made in recording student grades. If such a change is made, student will be informed through UCF Knight’s email. If you do not have one, set up an account at www.fctl.ucf.edu/knightemail

Posted grades will become final effective Aug 06, 2018.

The instructor may provide links to various external websites to enhance your understanding of the course content. Students are advised to use caution and good judgment in using such content that should not be copied, duplicated or downloaded. For more info on copyright policies, please visit:

http://www.copyright.com/content/cc3/en/toolbar/education/resources/copyright_on_campus.html
Disability Statement:
This syllabus is available in alternate formats upon request. Students with disabilities who need accommodations for tests/exams must be registered with UCF Student Accessibility Services, phone (407) 823-2371. SAS email request will be sufficient for all scheduled tests. However, if extra time/other facilities are required within the classroom or with online assignments, students must schedule a meeting with the professor at the beginning of the course, to enable the instructor in executing such accommodations in a timely manner. Email requests from SAS/ student will not be sufficient for classroom/online/or for test make up.

Honesty:
The Biology Department presumes that all students will be honest, and that work turned in by the student will indeed be the result of that person's work. Copying the work of others, signing in for someone else in paper or, cheating, will not be tolerated, and will result in an automatic F for both the offending students and any assisting them. In addition, appropriate University disciplinary action will be initiated.

Other important policies:

1. Students who are officially registered for this particular course only are allowed to attend the lectures and take the quizzes and tests. Instructor is not responsible for any problems related to registration.
2. Students must follow the University standards for personal and academic conduct as outlined in The Golden Rule. See http://www.ucf.edu/goldenrule
3. If you bring a laptop or other mobile device to class, use it only for instructor approved course-related activities. Anyone found text messaging, surfing the internet or emailing during lectures may have up to 2% deduction of their final course grade.
4. Walking in late and/or leaving early from the lecture hall disrupts the entire class and NOT allowed.
5. Recording of class lectures in audio/video form NOT allowed. Duplication and distribution of class lectures and exam questions strongly prohibited. Third parties are selling class notes and other materials from this class without my authorization. Please be aware that such class materials may contain errors. Use these materials at your own risk.
6. All kinds of audio/video, cell phones must be turned off inside the class room. Dictionaries, books, pocket calculators or organizers, scanning pens, or any other electronic devices NOT allowed for use during class quizzes, tests and examinations.
7. When a student leaves the exam hall once the exam is in progress, he/she is considered to have completed the exam and will not be allowed back in to the hall to continue the exam.
8. Anyone who interrupts the classroom-learning environment by any kind of disruptive behavior (including the ones in 3 & 4 above), that interferes with the instructor's right to teach and fellow students' right to learn, will be removed from the classroom and appropriate University disciplinary action will be initiated.
9. You are advised to use the course homepage for BOT3802 related posting only. Students usually exchange their class notes through the discussion board. Please remember Dr. Rani does not verify the accuracy of such shared information among students.

General Policy:
Changes will be made in the above policy if, in my judgment, the interest of learning and fairness dictate such changes. Any concern on the course proceedings or grades should be resolved by 12 pm Aug 06, 2018.

A final note from Dr. Rani:
Please do not rely on email to solve serious grade concerns and any other course-related problems that you may encounter during the course period. Feel free to use the face-face office hours to discuss your concerns directly to me. I will do everything possible in my capacity to make this course a pleasant experience for you!
