NO FOOD or Drink in the MALL!
Only Bottled Water!
TIPS FOR MALL HOURS:

- Keep a notebook to track the amount of time you have been in the MALL.
- Your MALL Hours do not have to be all at once, so make it a time when you can focus on mathematics.
- Do not “cut it close” with only 1 minute left! You have to be actively working on mathematics when signed into the MALL!
- Do not wait until the last minute! The MALL gets very crowded right before hours are due!
