Boehmians, pseudoquotients, and related topics

This is a list of papers on Boehmians, pseudoquotients, and related topics. If you know of a paper that is missing from my list, or if you have any other suggestions or corrections, please send a message to Piotr.Mikusinski@ucf.edu.

61. R. Bhuvaneswari and V. Karunakaran, Boehmians of type S and their Fourier transforms, Annales UMCS, Mathematica, 64 (2010), 27–43.
