The Department of Mathematics at the University of Central Florida invites applications for a tenured position at the rank of Professor starting in Fall 2016. We are looking for a candidate with both a strong record of research in undergraduate mathematical education and an outstanding research record in any area of Pure or Applied Mathematics.

The University of Central Florida, the nation’s second-largest university with more than 63,000 students, has grown in size, quality, diversity, and reputation in its first 50 years. Today, the university offers more than 200 degree programs at its main campus in Orlando and more than a dozen other locations. UCF is an economic engine attracting and supporting industries vital to the region’s future while providing students with real-world experiences that help them succeed after graduation. For more information, visit http://ucf.edu.

Candidates must have a Ph.D. degree or an equivalent degree in a Mathematical Science with a distinguished record of excellence in research, a strong commitment to teaching, and a record of service. Preference will be given to applicants with a record of work in the pedagogy of undergraduate mathematics courses as well as to applicants having research areas in common or correlating to those currently in the Department.

Review of applications will start from January 15, 2016 and will continue until the position is filled. For full consideration, completed applications should be received by February 1, 2016.

To apply, applicants must complete an online job application at https://www.jobswithucf.com/postings/43772
The application should include a cover letter, a curriculum vitae, a list of publications, brief statements on research and teaching, and the names addresses, e-mail and telephone numbers of at least three references. For further information please contact the Search Committee Chair: Prof. Joseph Brennan: Joseph.Brennan@ucf.edu

UCF is an equal opportunity/affirmative action employer. All qualified applicants are encouraged to apply, including minorities, women, veterans and individuals with disabilities. As a Florida public university, UCF makes all application materials and selection procedures available to the public upon request.
