The Department of Mathematics at the University of Central Florida invites applications for a tenure-track Assistant Professor position in applied probability beginning Fall 2016. Strong preference will be given to applicants with a strong interest in financial applications/mathematical finance.

Qualifications for the position include a Ph.D. in mathematics or related areas from an accredited institution by the start of employment, a proven record of scholarly activities, and the ability to teach a variety of undergraduate and graduate courses in a mathematics curriculum. Developing externally funded research grants is expected, and interest in interdisciplinary research is preferred.

Interested applicants must apply using the UCF online application system at https://www.jobswithucf.com/postings/43702. At the time of application, applicants should also upload a letter of interest, a personal statement of teaching and research interests, curriculum vitae, graduate transcripts, and a list of three professional references with their contact information. Applicants should also arrange to have three letters of reference sent to Pat O’Leary, Department of Mathematics, at pat@ucf.edu

**Note:** Please have all documents ready when applying so they can be attached at that time. Once the online submission process is finalized, the system does not allow applicants to submit additional documents at a later date.

Questions regarding this search may be directed to, Dr. Jason Swanson, Chair, Applied Probability Search Committee, at Jason.Swanson@ucf.edu.

Consideration of applications will begin December 5, 2015 and will continue until the position is filled or the department closes the search.
