Time available on orientation: _____

STEP 1 Declared Major: _____ PID: _____ Name: _____

PID is a 7 digit number without letters. Pre-plan prior to orientation with your department advisor using this form. Place courses on this list in your shopping cart so that you can attempt to enroll in this schedule when registration opens. Please note that seats are not held and enrollment is not guaranteed simply by placing these courses in your shopping cart. It is for this reason that alternative courses are strongly encouraged in your planning.

STEP 2

Registration opens at 2:15pm on your scheduled day of orientation. If you were admitted for summer then you can register for both summer and fall term on the day of orientation. You can only register for summer if you were admitted for summer 2020. Please prepare an alternative list for both terms as first-choice courses may not be available. To register, log into My.UCF.edu and select Student Center, and Student Self Service. Search for these courses using the "search" function or through your MyKnight Degree Audit (found in Other Academic drop down box).

STEP 3

Check your "Holds" box in the Student Self Service screen on the right top corner. If you have any holds listed there at 2:15pm then you will not be able to register until the hold is removed. Advisors are available on the day of orientation to help troubleshoot enrollment concerns only, or to ensure that you are able to register. However, we cannot guarantee your desired course schedule on the day of orientation, and discussions are limited to day-of-orientation concerns due to timing sensitivity of registration. We encourage a scheduled follow up appointment with your departmental advisor or COSAS following orientation. Follow up appointment can be scheduled by email, or call COSAS at 407-823-6131 for assistance.
