

UNDERGRADUATE PSYCHOLOGY COURSES

Prefix & Number	Title, Description & Semester offered	Credit Hours
APK 3400	Sports Psychology <u>PR: PSY2012</u> A review of principles of psychology related to the enhancement of satisfaction and performance in sports. <i>Occasional</i> .	3(3,0)
CLP 3004	Behavioral Self Control <u>PR: PSY2012</u> Application of behavioral and biofeedback techniques to self-regulation. <i>Occasional</i>	3(3,0)
CLP 3143	Abnormal Psychology <u>PR: PSY2012</u> Classification, causation, and treatment of deviant patterns of behavior. <i>Fall & Spring</i>	3(3,0)
CLP 3143H	Honors Abnormal Psychology <u>PR: PSY2012 and PPE3003 and consent of Honors</u> Classification, causation, and treatment of deviant patterns of behavior. With Honors content. <i>Spring</i>	3(3,0)
CLP 3184	Women's Mental Health <u>PR: PSY 2012</u> Social and cultural factors of mental health issues and conditions that are unique to or primarily impact women in the U.S. today. <i>Occasional</i>	3(3,0)
CLP 3302	Clinical Psychology <u>PR: PSY2012, CLP3143</u> An overview of approaches to psychopathology, methods of clinical assessment, and various approaches to individual and group counseling. <i>Fall & Spring</i>	3(3,0)
CLP 3413	Contemporary Behavior Therapy <u>PR: PSY2012 & CLP 3143</u> Emphasis on the underlying principles and the specific intervention procedures which are utilized in contemporary behavior therapy, including treatment strategies for enhancing interpersonal skills and personal growth. <i>Occasional</i>	3(3,0)
CLP 3467C	Interpersonal Effectiveness & Group Psychotherapy <u>PR: PSY2012</u> Psychological aspects of interpersonal relationships, the rationale for group therapy, and strategies for enhancing interpersonal skills and personal growth. <i>Occasional</i>	3(2,2)
CLP 4134	Childhood Psychopathology <u>PR: PSY2012, DEP2004C & CLP3143</u> An in-depth survey of the prevalence, classification, symptoms, diagnosis, consequences, and treatments of disorders of infancy, childhood, and adolescence. <i>Fall & Odd Spring</i>	3(3,0)
CLP 4314	Health Psychology <u>PR: PSY2012</u> Interactions between psychosocial and physical conditions, in prevention, diagnosis, intervention and health care delivery policy planning. Course will cover empirical phases for prevention, assessment and intervention approaches for these focal areas: cancer, chronic heart disease, diabetes, HIV disease, pain and stress. <i>Occasional</i>	3(3,0)
CLP 4390	Forensic Psychology <u>PR: PSY2012</u> Clinical practice of psychology within the legal system, including forensic evaluation of competency/insanity, treatment, and criminal profiling. <i>Spring</i>	3(3,0)
DEP 2004	Developmental Psychology <u>PR: PSY2012</u> The effects of genetic, psychological, maturational, and social factors on behavior throughout the life cycle. <i>Fall & Spring</i>	3(3,0)
DEP 2004H	Honors Developmental Psychology <u>PR: PSY2012 and consent of Honors</u> Genetic, psychological, maturational, and social factors on behavior throughout the life cycle. With Honors content <i>Fall</i>	3(3,0)
DEP 3202	Psychology of Exceptional Children <u>PR: PSY2012</u> Psychological problems of exceptional children, including diagnosis, associated emotional problems, effects of institutionalization, special class placement, attitudes, and appropriate intervention methods. <i>Occasional</i>	3(3,0)
DEP 3464	Psychology of Aging <u>PR: PSY2012</u> An examination of basic psychological processes related to the aging process, with emphasis on the applied implications of changes in perceptual-motor, social emotional and cognitive-intellectual functioning. <i>Occasional</i>	3(3,0)
EAB 3703	Principles of Behavior Modification <u>PR: PSY2012</u> An examination of the control of behavior through applications of principles and theories of learning. Examples are drawn from clinical and social psychology and from child rearing. <i>Fall</i>	3(3,0)
EAB 3706	Behavior Modification Part II <u>PR: PSY2012 & EAB3703C</u> Continued examination of the principles of behavior analysis and their application, as well as ethical issues related to the delivery of behavior analysis programs. <i>Occasional</i>	3(3,0)
EXP 3204	Sensation & Perception <u>PR: PSY2012</u> Consideration of physical and psychological variables in perceptual phenomena. <i>Fall</i>	4(4,0)

EXP 3250	Principles of Human Factors Psychology <i>PR: PSY 2012</i> The study of human performance in human-machine-environment systems. Topics will include human factors psychology in the design of displays and controls, human information processing, and the effects of some environmental variables on human performance. <i>Spring</i>	3(3,0)
EXP 3304	Motivation and Emotion <i>PR: PSY 2012</i> Consideration of the theories and research on motivation and emotion. Some topics covered; human performance, obedience, ideology, aggression, and psychological well-being. <i>Fall, Spring</i>	3(3,0)
EXP 3404	Basic Learning Processes <i>PR: PSY2012</i> Theory and research on learning phenomena. <i>Occasional</i>	3(3,0)
EXP 3604	Cognitive Psychology <i>PR: PSY2012</i> Theory and research on attention, memory, complex human learning, and problem solving. <i>Fall, Spring</i>	4(4,0)
EXP 3640	Psychology of Language <i>PR: PSY 2012</i> Psychological principles involved in the communicative process, with application to individuals and groups. <i>Occasional</i> .	3(3,0)
EXP 4507	Advanced Human Memory & Cognition <i>PR: PSY3213C & EXP3604C</i> In-depth coverage of experimental research on human memory and cognition. <i>Occasional</i> . M&S fee: \$15.00	3(3,0)
INP 3004	Industrial/Organizational Psychology <i>PR: PSY2012</i> Psychological theories and principles applicable to problems in industrial organizations. <i>Fall, Spring</i>	3(3,0)
INP 3004H	Honors Industrial/Organizational Psychology <i>PR: PSY2012 and consent of Honors</i> . Psychological theories and principles applicable to problems in industrial organizations. With Honors content. <i>Occasional</i> .	3(3,0)
INP 3141C	Advanced Applied Psychology <i>PR: PSY 2012 and C.I.</i> Course will explore application of psychological knowledge to clinical, experimental, industrial, or educational settings. Supervised laboratory experience is required. Graded S/U. May be repeated for credit. <i>Fall, Spring</i> .	1-3(0,3-9)
INP 3951	Industrial/Organizational Fieldwork <i>PR: C.I.</i> An opportunity for advanced undergraduate psychology majors to become involved in the application of I/O psychology to local organizations. <i>Occasional</i> .	3(0,10)
INP 4313	Organizational Psychology <i>PR: PSY2012</i> Analysis of the psychological principles underlying individual and group behavior in an organizational setting. Topics include group dynamics, leadership and participation, intergroup behavior, and organization development. <i>Occasional</i> .	3(3,0)
INP 4380	Psychology of Teamwork <i>PR: PSY2012 or C.I.</i> Dynamics of small groups and teams from social and applied psychology perspectives. <i>Occasional</i>	3(3,0)
INP 4XXX	Occupational Health Psychology <i>PR: PSY2012</i> Overview of Occupational Health Psychology, including workplace stress and coping, workplace aggression, work schedules and job design, and organizational interventions.	3(3,0)
PCO 4203	Interviewing & Counseling <i>PR: PSY 2012</i> A review of various interviewing and counseling theories and techniques used in Mental Health settings as well as practical experience in interviewing and counseling procedures. <i>Fall, Spring</i> .	3(3,0)
PPE 3003	Personality Theory and Research <i>PR: PSY2012</i> A survey of theory and research on the development of personality characteristics. <i>Fall, Spring</i>	3(3,0)
PPE 3003H	Honors Personality Theory <i>PR: PSY2012 and Consent of Burnett Honors College</i> . Theory and research on the development of personality characteristics. With Honors content. <i>Occasional</i>	3(3,0)
PSB 3002	Physiological Psychology <i>PR: PSY 2012</i> The physiological basis of behavior, emphasizing the relationship between the nervous system and behavior. <i>Fall, Spring</i>	3(3,0)
PSB 3002H	Honors Physiological Psychology <i>PR: PSY 2012H and consent of Honors</i> Physiological basis of behavior, emphasizing the relationship between the nervous system and behavior. With Honors content. <i>Occasional</i> .	3(3,0)
PSB 3441	Psychobiological Aspects of Drugs <i>PR: PSY 2012</i> An advanced course designed for web instruction. Focuses on pharmacology, neurophysiology and neuroanatomy as the foundation of understanding behavior and social consequences of drug use. <i>Spring</i> .	3(3,0)
PSB 3842	Sleep & Dreams <i>PR: PSY 2012</i> An overview of the psychological and physiological foundations of sleep and dreams. Concrete facts and disturbances of sleep. Cultural perspectives on, and contemporary applications of dreams. <i>Occasional</i>	3(3,0)
PSB 4103C	Biofeedback Applications <i>PR: PSY 2012, PSB 3002 and C.I.</i> Introduction to theory, instrumentation, research and clinical application of biofeedback. Training in use of biofeedback equipment. Lecture/Lab. <i>Occasional</i> .	3(2,2)
PSB 4240	Neuropsychology <i>PR: PSY 2012 & PSB 3002</i> Study of brain function, with particular emphasis on human behavior. Lecture/Lab. <i>Fall, Odd Spring</i> .	3(3,0)

PSY 2012	General Psychology A survey of the basic principles, theories, and methods of contemporary psychology, including the study of human diversity. <i>Fall, Spring.</i>	3(3,0)
PSY 2012H	Honors General Psychology <i>PR: Permission of Honors</i> A survey of the basic principles, theories, and methods of contemporary psychology, including the study of human diversity. Honors-level content. <i>Fall, Spring.</i>	3(3,0)
PSY 3023	Psychology: Career Readiness I <i>PR: PSY2012</i> What it means to be a psychology major, career opportunities upon graduation, and different graduate school paths. <i>Fall, Spring, Summer</i>	2(2,0)
PSY 3022C	Academic Counseling <i>PR: PSY2012 & C.I (Peer Advisors only)</i> Psychology majors only. Research findings, theory, models and techniques of academic counseling and career advising. S/U graded. <i>Fall</i>	3(1,8)
PSY 3074	Psychology: Career Readiness II <i>PR: PSY2012, PSY3023 and Psychology major</i> Focuses on developing employability skills and taking steps toward individual career goals.	2(2,0)
PSY 3204C	Statistical Methods in Psychology <i>PR: PSY2012, STA2014C or STA2023; or C.I.</i> Standard scores, confidence intervals, sampling distributions, hypothesis testing, correlation and regression as applied to research in psychology. <i>Occasional</i>	4(3,1)
PSY 3204H	Honors Statistical Methods in Psychology <i>PR: Consent of Honors, PSY2012, STA2014C or STA2023 or C.I.</i> Standard scores, confidence intervals, sampling distributions, hypothesis testing, correlation and regression as applied to research in psychology. With Honors content. <i>Occasional</i>	4(3,1)
PSY 3213C	Research Methods in Psychology <i>PR: PSY 2012, PSY3204C, and either STA 2014C or STA 2023</i> Investigation of experimental designs and research methods utilized in psychology. Laboratory outcomes will be statistically analyzed and reported in APA format. <i>Fall, Spring.</i> M&S fee: \$20.00	5(3,2)
PSY 3213H	Honors Research Methods in Psychology <i>PR: PSY 2012, PSY3204C, and STA 2014C or STA 2023 and consent of Honors.</i> Investigation of experimental designs and research methods utilized in psychology. Laboratory outcomes will be statistically analyzed and reported in APA format. With Honors content. <i>Occasional</i>	5(3,2)
PSY 3302	Psychological Measurement <i>PR: PSY2012 & STA2014C or STA2023</i> A study of the theory underlying psychological tests and measurements procedures, including reliability, validity, and item analysis. <i>Occasional</i>	3(3,0)
PSY 3320C	Survey Methods in Psychology <i>PR: PSY 2012, PSY 3204C</i> Sampling methods, questionnaire construction, and interpretation of results. <i>Occasional</i>	3(2,2)
PSY 3625	Science and Pseudoscience in Psychology <i>PR: PSY 2012 or C.I.</i> Critically evaluates fringe-science, paranormal, and otherwise unusual beliefs about human behavior. Scientific methodology is used to evaluate bizarre claims such as ESP, astrology, voodoo, mind control, and alien abduction. <i>Occasional</i>	3(3,0)
PSY 3630	Psychology of Human-Animal Interaction <i>PR: PSY 2012 and Psychology major, or C.I.</i> Psychological aspects of human relationships with animals. <i>Occasional</i>	3(3,0)
PSY 3951	Undergraduate Field Work <i>PR: Senior Standing & C.I.</i> Placement in a community agency for supervised experience in applications of psychology to community problems. Graded S/U. May be repeated for credit. <i>Fall & Spring</i>	1-9(3-30)
PSY 4025	Psychology of Art <i>PR: PSY2012 & ARH2050 or ARH2051, or any ART prefix course.</i> Discussion of the psychological perspectives on art to gain a greater understanding and enhanced appreciation for the process and products of creativity. <i>Occasional</i>	3(3,0)
PSY 4049	Psychology Capstone <i>PR or CR: PSY2012, PSB3002, PSY3204C, PSY3213C, PSY4604, and Psychology Major</i> Refresh and apply their knowledge in core areas of psychology to cutting edge research in applied disciplines. <i>Fall, Spring, Summer</i>	2(2,0)
PSY 4215C	Advanced Research Methods in Psychology <i>PR: PSY3213C</i> Design, analysis, and interpretation of complex research projects in psychology. <i>Fall, Spring</i> M&S fee: \$20.00	4(3,2)
PSY 4215H	Honors Advanced Research Methods in Psychology <i>PR: PSY3213C and consent of Honors</i> Design, analysis, and interpretation of complex research projects in psychology, with Honors content. <i>Fall, Spring</i> M&S fee: \$20.00	4(3,2)
PSY 4604	History and Systems of Psychology <i>PR: PSY 2012 & Junior Standing</i> Historical development of psychology, with emphasis on classical theoretical positions. <i>Occasional</i>	3(3,0)
PSY 4604H	Honors History and Systems of Psychology <i>PR: PSY 2012 & Junior Standing and consent of Honors.</i> Historical development of psychology, with emphasis on classical theoretical positions. With Honors content. <i>Occasional</i>	3(3,0)
PSY 4906	Directed Independent Studies <i>PR: C.I.</i> See your faculty member for more information. S/U grade only.	varies
PSY 4912	Directed Independent Research <i>PR: PSY3213C & C.I</i> See your faculty member for more information. S/U grade only.	varies

PSY 4942	Instructional Experiences in Undergraduate Psychology <i>PR: PSY2012 & C.I</i> Preparation of undergraduate students to more effectively learn psychology concepts by facilitating learning in variety of university psychology classrooms and labs. <i>Fall, Spring, Summer</i> S/U grade only. (Teaching Assistants Only)	3(3,0)
SOP 2772	Sexual Behavior <i>PR: PSY2012</i> Physiological, social, and clinical aspects of human sexuality. <i>Fall.</i>	3(3,0)
SOP 3004	Social Psychology <i>PR: PSY2012</i> Effects of social situations and social variables on the behavior of individuals. <i>Fall, Spring.</i>	3(3,0)
SOP 3723	Cross Cultural Psychology <i>PR: PSY2012</i> Exploration of theories, issues, and research concerned with the psychological understanding of under-represented minority groups. <i>Odd Spring.</i>	3(3,0)
SOP 3724	Psychology of Prejudice <i>PR: PSY2012</i> Examination of literature relating to prejudice toward groups and individuals, development and maintenance of prejudice, and possible ways to reduce prejudice. <i>Even Spring.</i>	3(3,0)
SOP 3742	Psychology of Women <i>PR: PSY2012</i> Examination of the psychological impact of changing sex roles on women in modern society. Topics include child rearing, working women, and sex differences in personality and cognition. <i>Fall, Spring.</i>	3(3,0)
SOP 3751	Legal Aspects of Psychology <i>PR: PSY2012 or SYG 2000 or C.I</i> Ethical and legal dilemmas and issues in the practice of psychology. <i>Occasional.</i>	3(3,0)
SOP 3784	Psychology of Diversity <i>PR: PSY2012</i> A review of the contributions of psychology to the understanding of human diversity related to ethnic background, gender, sexuality, and belief systems. <i>Occasional.</i>	3(3,0)

NOTES:

“**C**” After the course number indicates the course includes a lab or extra lab work on student’s time outside class

“**PR**” Prerequisite courses that are required before taking the desired course

“**C.I.**” Consent of the instructor.

“**C.R**” Co-requisite is a course in which the department prefers a student to enroll in during the same term as the primary course.

DEFINITIONS OF PSYCHOLOGY COURSE PREFIXES

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or sub-category of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix used to identify the course.

APK= APPLIED KINESIOLOGY
CLP= CLINICAL PSYCHOLOGY
CYP= COMMUNITY PSYCHOLOGY
DEP= DEVELOPMENTAL PSYCHOLOGY
EAB= EXPERIMENTAL ANALYSIS OF BEHAVIOR
EXP= EXPERIMENTAL PSYCHOLOGY
INP= INDUSTRIAL & APPLIED PSYCHOLOGY
PCO= PSYCHOLOGY FOR COUNSELING
PPE= PERSONALITY
PSB= PSYCHOBIOLOGY
PSY= PSYCHOLOGY
SOP= SOCIAL PSYCHOLOGY
