ZOO 4480 Mammalogy (4, 0)
Fall Semester 2014
Graham A.J. Worthy

Contact information:
Office Hours: Monday and Wednesday: 10:30 – 12:20
Office: Room 302A
Phone: (407) 823-1333
e-mail: Graham.Worthy@ucf.edu
Teaching assistant: Sumy Dalal

Course Description:
This course will explore the diversity and biology of mammals from an evolutionary perspective. The course will consist of a survey of extant mammals and will also include discussion of mammal origins, evolution, phylogeny, paleontology, physiology, behavior, and ecology.

Time and Place:
Monday and Wednesday: 10:30 – 12:20 in BL 209

Course prerequisites:
BSC 2010C and BSC 2011C or consent of instructor.

Course Objectives:
The goal of this course is to acquaint students with the identification, systematics, life history, and adaptive strategies of the Mammalia. This will include understanding the following topics:
1. Characterization of Mammalogy and mammalian traits.
2. The evolutionary history of the various mammalian lineages
3. Characterization of the orders and families of the extant mammals.
4. Morphological adaptations of mammals for feeding, locomotion, reproduction, etc.
5. Physiological adaptations of mammals for homeostasis and reproduction.
6. Behavioral adaptations of mammals for feeding, homeostasis, reproduction, etc.

Recommended Text:

Supplemental Text:
Tentative Lecture and Exam Schedule (things can change):

August 18  Lecture 1 Study of Mammalogy (Chapter 1, 2, 3)
August 20  Lecture 2 Evolution and Dental Characteristics (Chapter 4)
August 25  Lecture 3 Biogeography (Chapter 5)
August 27  Lecture 4 Integument, Support and Movement (Chapter 6)
September 1  Labor Day holiday
September 3  Lecture 5 Modes of Feeding (Chapter 7)
September 8  Lecture 6 Control Systems and Biological Rhythms (Chapter 8)
September 10  Exam Number 1

September 15  Lecture 7 Environmental Adaptations Part 1 (Chapter 9)
September 17  Lecture 8 Environmental Adaptations Part 2 (Chapter 9)
September 22  Lecture 9 Reproduction and Reproductive Energetics (Chapter 10)
September 24  Lecture 10 Monotremes and Marsupials (Chapter 11)
September 29  Lecture 11 Insectivora, Macroscelidea, Scandentia, and Dermoptera (Chapter 12)
October 1  Lecture 12 Chiroptera (Chapter 13)
October 3  Exam Number 2
October 8  class cancelled

October 13  Lecture 13 Primates (Chapter 14)
October 15  Lecture 14 Cingulosa, Pilosa, Pholidota, and Tubulidentata (Chapter 15)
October 20  Lecture 15 Carnivora (Chapter 16)
October 22  Lecture 16 Cetacea (Chapter 17)
October 27  Lecture 17 Rodentia and Lagomorpha (Chapter 18)
October 29  Exam Number 3

November 3  Lecture 18 Proboscidea, Hyracoidea, and Sirenia (Chapter 19)
November 5  Lecture 19 Perissodactyla and Artiodactyla (Chapter 20)
November 10 Lecture 20 Skull demonstration lab
November 12  class cancelled
November 17  Lecture 21 Communication, Aggression and Spatial Relations (Chapter 21)
November 19  Lecture 22 Sexual Selection, Parental Care and Mating Systems (Chap 22)
November 24  Lecture 23 Parasites and Diseases (Guest Lecturer)
November 26  Thanksgiving early dismissal
December 1  Lecture 24 Dispersal, Habitat Selection and Migration (Chapter 24)

December 8  Final Exam (10:00 – 12:50)
**Evaluation Procedures:**
Regular attendance at class is the minimum expectation. There will be three mid-term exams and a “final” exam. Your best exam score will be worth 35%, your lowest score will be worth 15%, and the other 2 exams will be worth 25% each.

| 90 – 100 = A | 87 – 89 = B+  |
| 80 – 86 = B  | 77 – 79 = C+  |
| 70 – 76 = C  | 67 – 69 = D+  |
| 60 – 66 = D  | <60 = F      |

**Optional Assignment** (worth an additional 5 points on final grade)
Write an approximately 6 page paper (Times Roman, 12 pt, double spaced) discussing the characteristics of a mammalian Family. This paper is due by 5:00 December 2 (no extensions).

**New Requirement:**
As of Fall 2014, all faculty members are required to document every student's academic activity at the beginning of each course. In order to document that you began this course, please complete the following academic activity by the end of the first week of classes, or as soon as possible after adding the course, but no later than August 27. Failure to do so will result in a delay in the disbursement of your financial aid. In our case this will consist of a course pretest which I will distribute on Canvas – this score will not become part of your final grade.

**Warnings:**
1. You will receive the grade that you earn.

2. **Failure to show up for an exam is an automatic zero. No exceptions (except medical emergencies).** If you anticipate a conflict you must inform me and make arrangements **at least one week** before the exam.

3. **Academic misconduct will not be tolerated.** Plagiarism and cheating of any kind on an examination, quiz, or assignment will result at least in an "F" for that assignment (and may, depending on the severity of the case, lead to an "F" for the entire course) and may be subject to appropriate referral to the Office of Student Conduct for further action. See the UCF Golden Rule for further information. I will assume for this course that you will adhere to the academic creed of this University and will maintain the highest standards of academic integrity. In other words, don't cheat by giving answers to others or taking them from anyone else. I will also adhere to the highest standards of academic integrity, so please do not ask me to change (or expect me to change) your grade illegitimately or to bend or break rules for one person that will not apply to everyone.

4. **Class Decorum:**
How you handle yourself reflects upon who you are, so behave in a way that shows respect for yourself and for those around you. Please turn off your cell phone before you come to class. You are expected to arrive on time and stay for the duration of the class. Coming late, stepping out, and leaving early are generally discourteous and can be disruptive. It is understood that urgent
situations may arise which make these things necessary and excusable. In all other cases, this behavior should be avoided.

5. Disability Access Statement:
The University of Central Florida is committed to providing reasonable accommodations for all persons with disabilities. Students with disabilities who need accommodations in this course must contact Student Disability Services, Ferrell Commons Room 132, phone (407) 823-2371, TTY/TDD only phone (407) 823-2116, before requesting accommodations from the professor.
