Students who show up late (more than 5 minutes after the scheduled start) for any of the tests will be marked absent. They must go through the makeup policy. For any conflicts, check with Dr. Rani a week in advance.

Grade concerns:
- Bring concerns regarding posted grades to the attention of the instructor within one week (24 hrs for final exam and all the quizzes) from the date of initial grade posting.
- If the grade concern can NOT resolved within two email transactions, the student MUST make an appointment to resolve it at the instructor’s office.
- After this time, the posted grades will become final. Instructor retains the right to change the grade if an error occurred while recording the grades.
- If such a change occurred, student will receive a notification through UCF Knight’s email. If you do not have one, set up an account at https://www.secure.net.ucf.edu/KnightsEmailSelfService

Scantrons & Score sheets:
- Scantrons will be provided for all tests.
- You must have a valid UCF student ID in your possession in order to enter the exam room.
- Scantrons are machine graded. Graded scantrons will not be returned to students. However, a score sheet will be printed out of each student’s scantron with all incorrect responses marked on it. Such individual score sheets will be available at Dr. Rani’s office for two weeks after each test. The students may pick them up during this time and may review the completed test. Only one test will be available for review at one time.
- Any concern with scantron information (incorrect or missing PID, wrong test form, etc.) must be verified only by the student by visiting Dr. Rani’s office within a week after each test.
- Instructor is NOT responsible for the following conditions caused by the student and the resulting error in grading the scantron: Test form error; incorrect PID, eraser marks, smudges; illegible writing/bubbling for the computer to read; wrong answers bubbled. If a re-grading is initiated because of student’s fault, 2 raw points will be deducted from that test/exam.
• Please remember that office hours may be crowded at times; in such instances, be courteous of other students waiting outside. If you need extra time for review, you may make an appointment or come back later.
• Unclaimed score sheets are NOT the responsibility of the instructor.

In addition, if accommodations are required within the classroom or with online assignments, students must schedule a meeting with the professor at the beginning of the semester to help in executing such accommodations in a timely manner. Email requests will not be sufficient for classroom/online/test makeup accommodations.

Academic Dishonesty, Plagiarism, or Cheating:
UCF faculty members have a responsibility for your education and the value of a UCF degree, and so seek to prevent unethical behavior and when necessary respond to infringements of academic integrity. Penalties can include a failing grade in an assignment or in the course, suspension or expulsion from the university, and/or a "Z Designation" on a student's official transcript indicating academic dishonesty. Please read https://ied.sdes.ucf.edu/integrity/

Third parties are selling class notes and other materials from this class without my authorization. Please be aware that such class materials may contain errors. Use these materials at your own risk.
