

The Seventh Hangzhou International Workshop on Harmonic Analysis and Applications

2022 杭州调和分析及应用国际会议

The Seventh Hangzhou International Workshop on Harmonic Analysis and Applications will be held from December 16 to 18, 2022. The first Hangzhou International Workshop on Harmonic Analysis and Applications was held on December 23-25, 2016 and the workshop was held every December since then.

The purpose of the workshop is to promote academic exchanges between experts on Harmonic analysis and related research fields. The main theme of this workshop is Modern Harmonic Analysis, Applied and Computational Harmonic Analysis, and Interdisciplinary research field of Harmonic Analysis. We write to invite you to give a talk on harmonic analysis and recent developments.

Please let us know whether you accept the invitation. If so, please send us the title and abstract of your talk, and also mention the convenient time for you to give the talk.

Due to epidemic prevention and control requirements, the workshop will be in mixed mode, partially virtual and partially in-person.

The international workshop is sponsored by College of Science, Zhejiang University of Science and Technology, Hangzhou, China, and it is partially funded by the National Natural Science Foundation of China

The organizers of the workshop are Taotao Zheng, Qiquan Fang, Qiyu Sun, Guoen Hu, and Xiangxing Tao.

The organizers can be reach at Taotao Zheng (+86 18867136439) : zhengtao@zust.edu.cn and Qiquan Fang (+86 15157126500) qiqunfang@163.com
