Nomination and Appointment to Graduate Faculty and Graduate Faculty Scholars

The faculty who teach, advise and mentor graduate students are the heart of graduate education at UCF, and their efforts make the graduate experience what it is. We are indebted to their service on behalf of UCF's graduate students and graduate programs.

Prior to participating in graduate level instruction, an individual must be appointed either as a member of the UCF Graduate Faculty or as a Graduate Faculty Scholar. UCF faculty who are tenured, tenure-earning, ranked Clinical or ranked Research professors, or ranked lecturers, instructors, or librarians are eligible to be appointed as members of the Graduate Faculty. Other UCF faculty (e.g. research associates, adjuncts, etc.) and individuals not employed by UCF may participate as Graduate Faculty Scholars. Teaching credentials must still be certified by the Office of Faculty Affairs if serving as an instructor of record.

Please see page 2 for a detailed description of the appointment roles, the process of the appointment, and submission of the nomination.
