

THE UNIVERSITY OF CENTRAL FLORIDA PRESENTS:

THE 79TH PHYSICAL ELECTRONICS CONFERENCE

JUNE 3-5, 2019

University of Central Florida, Orlando, FL

The 79th Physical Electronics Conference, including the prestigious Nottingham Prize Competition for the best presentation based on doctoral research, will be held at the University of Central Florida in beautiful Orlando, Florida.

Scope:

Dissemination and discussion of novel and fundamental theoretical and experimental research in the physics, chemistry, biology, and engineering of surfaces and interfaces.

Invited speakers:

Bjork Hammer, Ph.D., Aarhus University
Donna Chen, Ph.D., University of South Carolina
Vin Smentkowski, Ph.D., General Electric

Abstracts Due:

May 10, 2019

Sponsors:

UCF College of Sciences
UCF Faculty Cluster Initiative
UCF Department of Physics
OMICRON
SPECS
American Vacuum Society
Sigma Surface Science
ANCORP
