Dear Peter Jacques,

Congratulations! Your online course, PUP3203 (Environmental Politics), has met the evidence-based criteria necessary to be recognized within the State University System (SUS) of Florida as a *High Quality* online course.

While all faculty teaching online courses at UCF pursue a rigorous design process, your choice to reach beyond your previously earned *Quality* online course designation to engage in a *High Quality* design course review demonstrates your dedication to professional growth and the continuous improvement of your online course, as well as your commitment to the success of your online students. The validation of your current online course design using the evidence-based standards adopted by the Florida SUS is a testament to your hard work and pursuit of excellence.

Please note that the *High Quality Online* designation is valid for a period of five years (October 9, 2020-2025); after that, the course will need to be reviewed again to maintain this *High Quality Online* designation.

Again, congratulations and thank you for your dedication to UCF's students across all modalities.

Sincerely,

A handwritten signature in black ink, which appears to read "Kelvin Thompson", is positioned below the "Sincerely,". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
