Memorandum

To: Unit Dean's and Director's, Research Investigators & Unit Administrators
From: Doug Backman, Director of Compliance
Date: June 28, 2024
Subject: New Composite Fringe Benefit Rates Effective July 1, 2024

Enclosed are the Fiscal Year 2024-2025 Composite Fringe Benefit Rates (CFBR) effective July 1, 2024. **The Composite Fringe Benefit Rate percentages represent actual (not estimates) fringe benefit costs and will be assigned to all sponsored projects.** The CFBR is calculated by applying the appropriate rate based on employment type to the employee's incurred salary charges. The CFBR will be reviewed and adjusted when needed on an annual basis. The CFBR's do not apply to independent consultants or third-party contractors performing services on a contract basis. Miscellaneous fringe benefit values are included in the CFBR. General Liability insurance expenses are no longer recovered under the university's fringe benefit rate process.

Composite Fringe Benefit Rate – Effective July 1, 2024 through June 30, 2025

Faculty (12 and 9 Month Faculty)	32%
Executive Service	34%
COM-Clinical (12 Month College of Medicine Faculty with clinical duties)	22%
Administrative & Professional	41%
University Support Personnel System (USPS)	54%
Post-Doctoral Associates	20%
OPS Adjunct and Non-Students	11%
OPS Students	2%
Undergraduate & Graduate Students	
Graduate Research & Graduate Teaching Assistants	

Cc: Danta White, Assistant VP, Administrative Affairs & University Controller
