

# Department of Statistics & Data Science

## Colloquium Series

### Spring 2020

**Speaker:** Adam Golden (Orlando VA Medical Center)

**Title:** The Orlando VA Medical Center's Research Service

**Date:** Friday, February 14, 2020

**Time:** 11:00AM – 12:00PM

**Location:** Technology Commons II Room 222

#### **Abstract:**

The presentation will provide a historical background on the Department of Veteran Affairs and the Orlando VA Medical Center. Research represents an important component of the VA's Vision and Mission. General guidelines and structure of the research service will be discussed. We will also discuss opportunities for health services research involving local, regional, or national VA data.
